ASSEMBLY: program NFC → lay flat in cavity → align marker → press cover evenly

OPENING: use the discreet edge notch; do not lever against the eyelet.

Concept evaluation (weighted /100)

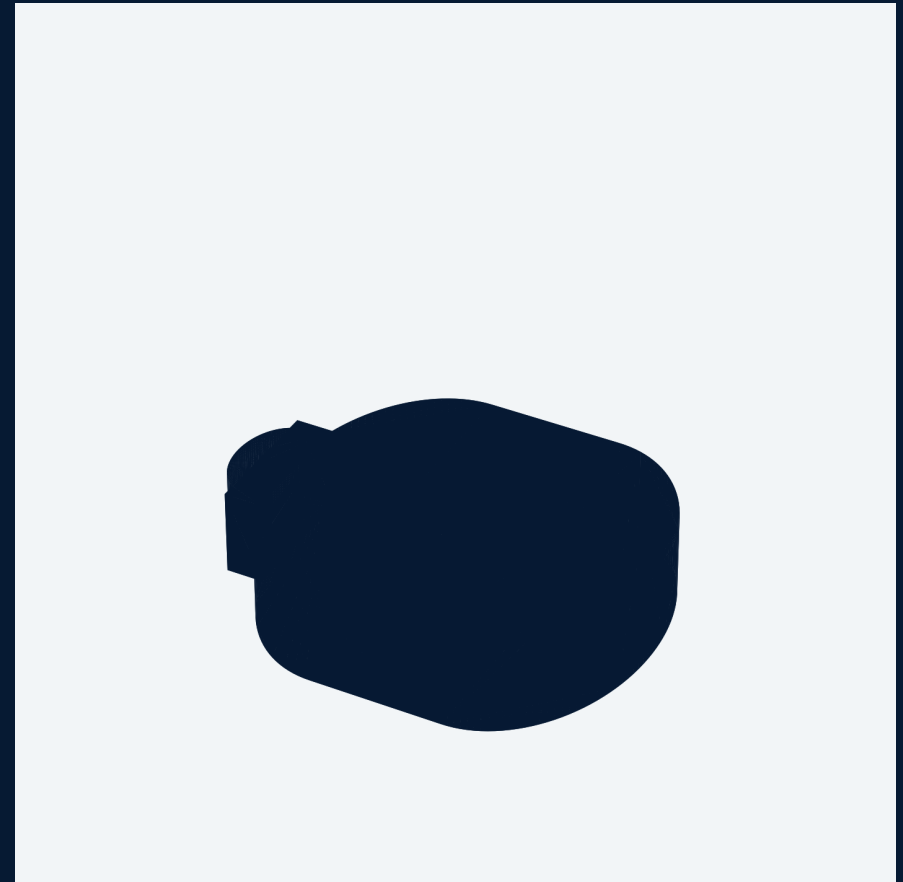

A Flow: Identity 23 | Beauty 18 | Strength 15 | NFC 17 | Print 12 = 85

B Clinical Capsule: Identity 23 | Beauty 18 | Strength 19 | NFC 20 | Print 15 = 95 ← selected

C Signature Contour: Identity 25 | Beauty 17 | Strength 14 | NFC 16 | Print 11 = 83

Documented technical compensation

- Front descriptor “Medical Centers” remains in the clean SVG but is omitted from the 3D relief: its strokes fall below 0.8 mm at keychain scale. “MedFlorida” remains as a separate body.
- Flow ribbons are widened to 1.8 mm; secondary bar is 0.9 mm; gaps remain ≥0.5 mm.
- NFC dimensions MUST be confirmed physically before production release.
